geo
luz&cerâmica

O designer Maurício D'Avila começou sua carreira desenhando produtos para a Indústria e Pisos e Revestimentos e após adquirir um vasto conhecimento com produtos confeccionados em cerâmica inovou criando luminárias em cerâmica com efeitos inusitados. O artista utiliza diversos materiais como alumínio, cobre, entre outros, mas a cerâmica sempre tem um papel fundamental em suas criações.

As luminárias são sempre pensadas em sua estética, mas o ponto inicial é sempre a funcionalidade e efeito de luz.

Os acabamentos das peças desenhadas por ele prezam pela perfeição e ousadia e beleza são a sua marca registrada.

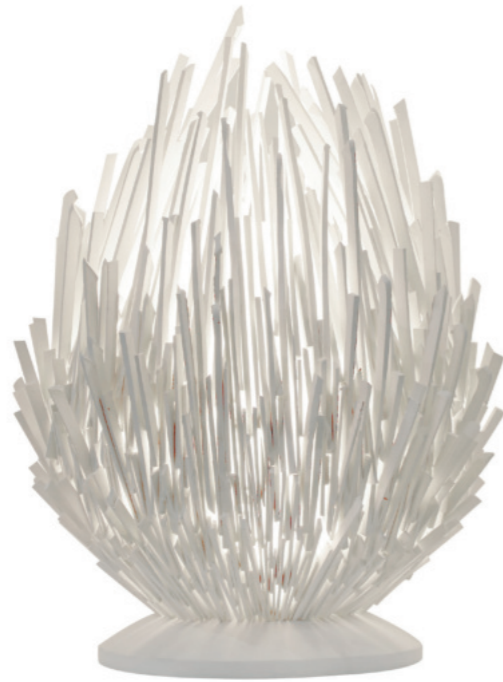

The designer, Maurício D'Avila began his career designing industrial products such as Flooring and Coatings, and after acquiring a vast knowledge with products made in ceramic, he ended up creating ceramic lighting fixtures with unusual lighting effects.

The artist uses diverse materials like aluminum, copper, among others, but the ceramic always have a fundamental role in his creations. Luminaires are always thought of in their aesthetics, but the starting point is always the functionality and light effect.

The finishes of the pieces designed by him cherish perfection, and bold designs and beauty are the trademark of the designer.
